

Les VALON de Boux-sous-Salmaise

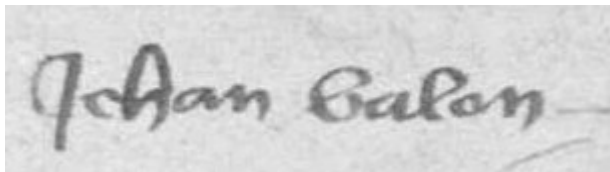

J'ai pu reconstituer à partir des registres B 11560 à B 11569 des « Cerches les Feux du Bailliage de la Montaigne » la très belle souche des VALON de Boux-sous-Salmaise, c'est là qu'ils prennent racines dès 1380 et cela de manière importante et durable.
J'ai remarqué aussi une toute petite trace de VALON tardive sur Salmaise, sans doute issue de Boux.
